SSRH NUTRITION & FOOD SERVICES STAFF
FOR YOUR INFORMATION

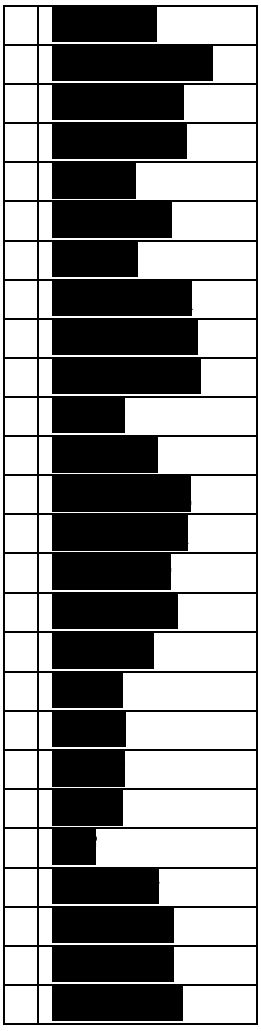
Date: July 14th, 2023
Sheet will be placed in binder in kitchen office. Staff are responsible for reading <u>all</u> notices.

Issued by: Morgan McCarthy
Information: Did you know..?

Hi Everyone,

We have a lot of new staff which is great to see 😊. I wanted to review a few things that not everyone may know yet

- **Puree diets do not get soup spoons – please do not give**
- **Also a number of patients have brought forward that they don't have the correct utensils, when in doubt please put all utensils on the trays (fork, knife, soup spoon & teaspoon)**
- **Please make sure to shut down dish machine completely when cleaning, it can be dangerous to leave on**
- **Compost bags should be double bagged when changing them and brining them out. Sometimes one bag does not hold the weight of the bag and can break open**
- **Please remember hand hygiene when delivering and collecting. Sanitizing hand before and after tray delivery, and changing gloves between each collected tray**
- **When you're not sure don't be hesitant to ask, we're all here to help each other and learn**



If there's anything else I haven't thought of, or if you have any questions, please let us know. Thanks.
